## EXPERIENCE

### Application Developer | SEO Optimizer | IT Technician

Jan 2025 – Aug 2024

Oommaa Group of Companies – Present (Dubai, UAE)

- Created an extensive cross-platform mobile app for the organization using Figma for UI and UX design, and Flutter and Dart for frontend development. Added Razorpay and Stripe to secure in-app payment process.
- The official organization website was created using HTML, CSS, and JavaScript and following responsive design principles in order to ensure user-friendly interfaces across different devices.
- Completed the backend integration using RESTful APIs, enabling dynamic content fetching and real-time data processing.
- Enhanced the SEO of the website through structured metadata, keyword research, and performance monitoring using Google Search Console and Page Speed Insights.
- Managed social media sites for the company, such as Facebook, Instagram, and LinkedIn, developed content calendars, produced visual content, and reviewed performance metrics to increase reach.

### Game Developer

Jan 2024 – Aug 2024

Arcadence Technologies – Remote (Bengaluru, India)

- I work on the Arcadence Technologies as a game Developer
- Collaborated with designers and engineers to implement engaging gameplay mechanics, ensuring smooth and intuitive user interactions.
- Conducted rigorous quality assurance testing, identified bugs, and implemented solutions to improve game stability and performance.
- Developed and maintained mobile games such as *Bubble Shooter* and other Android-based games, ensuring optimal performance and user engagement.
